Passports Required During World Cup

Community members who plan to travel outside Germany in the next month are advised that they must have their passports, or they will be denied re-entry into the country.

Germany will be imposing border controls for the duration of the World Cup (June 9 to July 9). When crossing German borders all travelers will be required to present their passport in order to enter the country.

Interior Minister Wolfgang Schäuble said Germany will suspend the passport-free travel arrangements of the Schengen Treaty during the 2006 World Cup. Citing the need to minimize risks from hooligans, terrorists and organized-crime gangs, Schäuble informed European Union foreign policy Chief Javier Solana that Germany will reintroduce border checks during the World Cup.

Hewlett Packard Camera Recall

Hewlett-Packard is voluntarily recalling the HP Photosmart R707 Digital Camera (CRC:8244253 Item # 493002869) due to fire hazard and offering download fix to repair.

The digital camera can cause certain non-rechargeable batteries, such as the Duracell CP-1, to overheat when the camera is connected to an AC adapter or docking station, posing a fire hazard.

Consumers should stop using the recalled cameras and contact HP as they have developed a firmware update that prevents the camera from applying a charge to a non-rechargeable battery. Consumers can download this update at www.hp.com or contact HP directly. Do not use single-use, non-rechargeable batteries until the firmware has been updated. Consumers are encouraged to update the firmware even if they do not use or intend to use a non-rechargeable battery.

For additional information, visit HP's Web site at www.hp.com or call HP toll-free at (866) 304-7117 between 6 a.m. and 6 p.m. Mountain Time Mondays through Fridays.
